It's a cliché of the American entertainment industry that if it works (i.e., if it makes money), do it again. It's a little unfair to denigrate Hollywood and its offshoots for this; most of the arts have been doing it since the Pleistocene. Certainly in films and on TV this makes for a lot of boring material; for instance, we've not seen the end of all the copies, blatant and otherwise, of Star Wars.. Nolan turned and glanced at the girl who lay beside him. She stared up through the shadows with slitted eyes unblinking above high cheekbones, her thin brown body relaxed and immobile. It took Smith six weeks to increase the efficiency of the image in-tensifier enough to bring up the ghost pictures clearly. When he succeeded, the image on the screen was instantly recognizable. It was a view of Jack McCranie's office; the picture was still dim, but sharp enough that Smith could see the expression on Jack's face. He was leaning back in his chair, hands behind his head. It was a sad Amos who wandered through those bright piles of precious gems that glittered and gleamed about him. The walls were much too high to climb and they went all the way around. Smith made a disgusted sound. He opened the clamps that held the device and picked it up, reaching for the power switch with his other hand. He never touched it. As he moved the device, the ghost images had shifted; they were dancing now with the faint movements of his hand. Smith stared at them without breathing for a moment. Holding the cord, he turned slowly. The ghost images whirled, vanished, reappeared. He turned the other way; they whirled back.. Johnny Peacock came by an hour later acting very conspiratorial. Detweiler had suggested a bridge game that night, but Johnny didn't play bridge, and so they settled on Scrabble.. " . . Not your fault." "Of course before breakfast," said the prince, and fell to chopping. The ice chips flew around him, and he worked up such a sweat that in all the cold he still had to take off his shirt.
