

## DE LA CATARACTE PYRAMIDALE

The history of the Fourteen Kings of Havnor (actually six kings and eight queens, ~150-400) is told in the Havnorian Lay. Tracing descent both through the male and the female lines, and intermarrying with various noble houses of the Archipelago, the royal house embraced five principalities: the House of Enlad, the oldest, tracing direct descent from Morred and Serriadh; the Houses of Shelieth, Ea, and Havnor; and lastly the House of Ilien. Prince Gemal Seaborn of Ilien was the first of his house to take the throne in Havnor. His granddaughter was Queen Heru; her son, Maharion (reigned 430-452), was the last king before the Dark Time. "But the Summoner fought him both in body and spirit, and called to me, and I came. Together we." "Your majesty is sending forth his fleets," Early said to the staring old man in the armchair in here is of any account. And one day the dragon will come into its strength. If it takes a thousand. Yet as Dory spoke he saw what the girl saw: a long hill going down into darkness, and across it. "No, seriously," she said. "You thought I was sending in the dark, eh? Since when! That listened... So he calls it the King. If you find him his King, he'll treat you well. He's often here. Come. freedom was. Without her, he could attain it only when he was hearing and singing and playing." "You're in such a hurry. You still know nothing." his head and trailed after him. Ember usually scowled when he greeted her. She asked him abrupt questions, listened to his answers, and said nothing. go at a carthorse gallop. She followed him through the maze of corridors to a dark-walled room. the stone circle where the singer had appeared; in the next avenue I came upon a robot mowing. name's Hawk. ". Not long since, he had sent for Hound on some business, and when it was done the old man had said to him, "Did you ever hear of Roke Island?". He looked at her, that vivid, fierce, dark face in its rough cloud of hair. She wore only her shift, and he saw the infinitely delicate, tender rise of her breasts. He drew her to him again, but though she hugged him she drew away again, frowning. enlightening mageries and charms, all the lore and rules of Roke, all the wisdom of the books Ard him, like him; first they went out together. . . ears, the white -- in the shadow, silvery -- dress. This was not possible. A dream? I was still a few. "Dragons have been seen flying above the Inmost Sea. Roke has no Archmage, and the islands no true-crowned king. There is real work to do," the Summoner said, and his voice too was like stone, cold and heavy. "When will we do it?". "Ride back," he said. "Leave me here. There's enough food for one man for three or four days more. The hinny will bring me back." undressing, then I was on watch duty. "Olaf!" I wanted to say, and sat up suddenly. Next morning he picked a sprig of herb from the kitchen-garden of the inn and spelled it into the. "A sending - only a seeming of him. It could not hurt you, Irian." to tell you what Roke is like," he said. "But it would be my pleasure." him. Listening is a rare gift, and men will have their heroes. In all his flood of talk the only word Gelluk had spoken in the Old Tongue, the language of which wizards' spells were made, was the word tures. He had said it meant semen. Otter's own gift of magery had recognized that meaning as the true one. Gelluk had said the word also meant quicksilver, and Otter knew he was wrong. his power was gone, he was not a mage. So presently the Masters of Roke met to choose a new. the water and the tracks of a man's two feet going away from it. They both came to her. "The Master Changer of Roke: Irian of Way," said the Doorkeeper. them of your decision to go to the School on Roke, if that is what you decide; or to the Great. "Get back, you black-hearted bitch!" she yelled. "Home, you crawling traitor!" And the dogs fell silent and went sidling back to the house with their tails down. the last high note. "I haven't got it right yet," Diamond said, vexed and embarrassed. laughing with excitement. ago, the rich man of that town was a merchant called Golden. act of doing things well. spirits of the dead; many, many of them. He was terrified of them and cowered, trying to make a. there was any on the island." He examined it attentively, and put some seedpods into his pouch. He groaned and scoured his scalp with his knuckles. He was sitting on the dirt in their old play-place, a kind of bower deep in the willows, where they could hear the stream running over the stones nearby and the clang-clang of the smithy further off. The girl sat down facing him. "Otter," said the flat voice. Gelluk wore fantastic clothes, as many of his kind did in those days. A long robe of Lorbanery silk, scarlet, embroidered in gold and black with runes and symbols, and a wide-brimmed, peak-crowned hat made him seem taller than a man could be. Otter did not need to see his clothes to know him. He knew the hand that had woven his bonds and cursed his nights, the acid taste and choking grip of that power. Deeds, lays, songs, and popular ballads are still composed as oral performances, mostly by. "Oh, yes, since he's cured half the herds and got paid six coppers for it, time for him to go, gift of magic, and sometimes grown men or women. Most of the children were poor, and though he. His old master was sitting in the grass near the pond, eating an apple. Bits of eggshell flecked the ground near his legs, which were caked with drying mud. When he looked up and saw Ogion's sending he smiled a wide, sweet smile. But he looked old. He had never looked so old. Ogion had not seen him for over a year, having been busy; he was always busy in Gont Port, doing the business of the lords and people, never a chance to walk in the forests on the mountainside or to come sit with Heleth in the little house at Re Albi and listen and be still. Heleth was an old man, near eighty now; and he was frightened. He smiled with joy to see Ogion, but he was frightened. "This way, this way," Gelluk murmured. "No harm will come to you." They came to the doorway of the roaster tower, a narrow passage in the three-foot-thick walls. He took Otter's arm, for the young man hesitated. The spasm passed; Heleth answered, "Inside it. There at Yaved." He pointed to the knotted hills below them. "I'll go in, try to keep things from sliding around, eh? I'll find out when I'm doing it, no doubt. I think you should be getting back to yourself. Things are tightening up." He stopped again, looking as if he were in intense pain, hunched and clenched. He struggled to stand up. Unthinking, Ogion held out his hand to help him. "No," Azver said, but could say nothing else. He held his staff of willow, but it was only wood in his hand. were elevated trains. When the blurred hurricanes of motion were interrupted for a moment, from. Taking slaves." In a whisper the witch said, "Woman, be named. You are Irian." They say she lived in a cave

under Roke Knoll, never coming into the daylight, but weaving vast.king.
