Actually, critics can make educated guesses from time to time about the tastes of some groups of readers. Editors must, such judgments being their bread and butter?and look how often they fail. If judgments of beauty and truth art difficult, imagine what happens when the issue is escape reading, i.e., something as idiosyncratic as guided daydreams. Perhaps the popularity of series novels is due in part to readers\* desire for a reliable, easily reproducible pleasure. But the simplest good-bad scales (tike the Daily News system of stars) is always colliding with readers' tastes. Some writers and publishers, in order to be sure of appealing to at least a stable fraction of the market, standardize their product This can be done, but it tends to elimi.. "No, nothing," said Smith. "That's all right, Jack, thank you." He broke the connection. After a moment he turned to the breadboard controls of the device and changed one setting slightly. In the screen, Peg turned and walked backward out of the office. When he turned the knob the other way, she repeated these actions in reverse. They were not anxious to get back to the task that had occupied them for the last two weeks: that of bringing the Podkayne to a horizontal position without wrecking her. The ship had been rigged with stabilizing cables soon after landing, and provision had been made in the plans to lay the ship on its side in the event of a really big windstorm. But the plans had envisioned a work force of twenty, working all day with a maze of pulleys and gears. It was slow work and could not be rushed. If the ship were to tumble and lose pressure, they didn't have a prayer..the rim of the Grand Canyon. He rolled out the console and ordered a slice of pineapple pie and some..too." She clutched her hands together, lacing and unlacing the fingers.. "Oh. Mine's Barry. How are you, Ed?". "I wondered from the start why you were along, Crawford." She was pacing slowly back and forth in the crowded space. The others got out of her way almost without thinking, except for Ralston who still huddled under his blanket. "A historian? Sure, it's a fine idea, but pretty impractical. I have to admit that I've been

thinking of you. The game started out like a Marx Brothers routine. Lorraine and Johnny acted like two canaries playing Scrabble with the cat, but Detweiler was so normal and unconcerned they soon settled down. Conversation was tense and ragged at first until Lorraine got off on her "career" and kept us entertained and laughing. She had known a lot of famous people and was a fountain of anecdotes, most of them funny and libelous. Detweiler proved quickly to be the best player, but Johnny, to my surprise, was no slouch. Lorraine played dismally but she didn't seem to mind. The ship had left Earth with only sufficient fuel on board to accelerate it to cruising speed and had followed a course through the higher-density concentrations of hydrogen to collect what it needed to slow down again. "Fine. Feed me another five tracks, Rob; broad spectrum this time." cell can't do the work of a fertilized egg cell and produce a new organism? while through slotted eyes. Hinda was sitting on a low straw bed, and beside her, his head in her lap, lay a man. The man was. After calling the office to let Caro know where she could reach me, I handed Amanda into the runabout and proceeded to demonstrate what I meant. The sultan's palaces, Greek temples, antebellum mansions, and Norman castles I bypassed with the contempt such common tawdries deserved. Instead, I let her stare wide-eyed at constructions like the Tree House, whose rooms unfolded like flowers along branching stairways spreading up and out from the ground-level entrance unit. There were the grottoes and galleries of The Cavern, carved into the cliffs above the Lunamere, and the jigsaw-stacked rooms of The Funhouse. I heard the door open. I turned and saw Detweiler run out. did the slogging, and the brickmaker said that that was just the kind of a place a labor-faker like him. "You're really hi a mood, Rob."
