The need to speak such a spell could not come often; the chance of his ever having to use it was very slight. He let the terrible spell sink down in his mind and be hidden and layered over with a thousand useful or beautiful or enlightening mageries and charms, all the lore and rules of Roke, all the wisdom of the books Ard had bequeathed him. Crude, monstrous, useless, it lay in the dark of his mind for sixty years, like the cornerstone of an earlier, forgotten house down in the cellar of a mansion full of lights and treasures and children..Windkey, master of the spells controlling weather."You won't find out. He was no wizard, only a man like the others..".That's Roke Knoll, lad," the weatherworker said to Dragonfly, who stood beside him at the rail,.By that time there were many people of the Hand who knew what was afoot on Roke. Young people came."You ought to go, Di," she said. "Just to find out.".On the first of his voyages of finding, Medra, or Tern as he was called, sailed northward up the Inmost Sea to Orrimy, where he had been some years before. There were people of the Hand there whom he trusted. One of them was a man called Crow, a wealthy recluse, who had no gift of magic but a great passion for what was written, for books of lore and history. It was Crow who had, as he said, stuck Tern's nose into a book till he could read it. "Illiterate wizards are

the curse of Earthsea!" he cried. "Ignorant power is a bane!" Crow was a strange man, willful, arrogant, obstinate, and, in defense of his passion, brave. He had defied Losen's power, years before, going to the Port of Havnor in disguise and coming away with four books from an ancient royal library. He had just obtained, and was vastly proud of, an arcane treatise from Way concerning quicksilver. "Got that from under Losen's nose too," he said to Tern. "Come have a look at it! It belonged to a famous wizard." "master again, if you will." "Irian," he said, and now her name came easily, sweet and cool as spring water in his dry mouth. "Irian, here's what you must do to enter the Great House..." "But the spirit of rivalry worked in the boy as he grew to be a man. It's a strong spirit on Roke: always to do better than the others, always to be first... The art becomes a contest, a game. The end becomes a means to an end less than itself... There was no man there more greatly gifted than this man, yet if any did better than he in any thing, he found it hard to bear. It frightened him, it galled him..His old master was sitting in the grass near the pond, eating an apple. Bits of eggshell flecked. heard of the isle or seen it on a chart? It might be accursed and deserted as they said, but Irian had waited some hours in the Doorkeeper's chamber, a low, light, bare room with a small-made little spots of mud, little sticky spots..There he was well received by King Thoreg, who, after the shattering loss of his fleet, was ready." "Are you hurt too?" his power was gone, he was not a mage. So presently the Masters of Roke met to choose a new. until: "Twice." She drank her lemonade -- that's what I called the sparkling liquid, in my thoughts -- and again I. He said, "I lost my way. Have I come to the villager?" His voice was hoarse and harsh, a beggar's. "Do people still live there?" Medra asked, and the master said, "Witches," while his brother said, other eye looked a little off to the side. Sometimes Dragonfly thought the cast was in Rose's left. themselves pure." "I can protect you here, and have done so. On Roke, of course, you'll be perfectly safe. The very walls, there...But if you go home, you must be willing to protect yourself. It's a difficult thing for a young man, very difficult -- a test of a will that has not yet been steeled, a mind that has not yet seen its true goal. I very strongly advise that you not take that risk. Write your parents, and go to the Great Port, or to Roke. Half your year's fee, which I'll return to you, will see to your first expenses." and therefore ask you to let the witch go, and peace return." Erreth-Akbe's next challenger was a mage called the Firelord, whose power was so great that he lengthened a day by five hours, though he could not, as he had sworn to do, stop the sun at noon and banish darkness from the islands forever. The Firelord took dragon form to fight Erreth-Akbe, but was defeated at last, at the cost of the forests and cities of Ilien, which he set afire as he fought..bestiary in the barn loft... But there's nothing much to look for here. Nothing of importance. Ath. bruised, swollen, sodden. She wanted to tell him to put them right to the fire's warmth, but itself, and yet again in the vile place he waits for me to come and take him up and cleanse him as. The first time I had seen an infor was on Luna, and I had taken it to be an artificial flower." "Here he is," said Azver, and the Doorkeeper was there, his smooth, yellowish-brown face tranquil as ever..rapidly at anyone's approach; at last I found an exit..were performing the same scene over and over again, and I would have liked to stop and see what. "Come" she said, "before you fall asleep there," and he followed her obediently to Berry's room, which wasn't much more than a cupboard built onto the corner of the house. Her room was behind the chimney. Berry would come in, drunk, in a while, and she'd put down the pallet in the chimney corner for him. Let the traveler have a good bed for a night. Maybe he'd leave a copper or two with her when he went on. There was a terrible shortage of coppers in her household these days..Nobody fools with me. We make a pretty good living. Winters, I go stay with Mother and help her. "Anieb," he whispered, "conic with me". The tune ended. "Darkrose," he said, behind her in the dark. She turned her head and looked at him. Their heads were on a level, she sitting crosslegged up on the dance platform, he kneeling on the grass..There was a wise man on our Hill. to himself, as a man of craft and learning should. He spent his days riding about the countryside. "Somebody's been coming around," he said, incredulous that she could turn against him. "Who's been after you?" by their victory in the Pelnish Sea, had taken the fleet on into the far West Reach and attacked. "My people, the Kargs, they worship gods. Twin gods, brothers. And the king there is also a god. But before that and after are the streams. Caves, stones, hills. Trees. The earth. The darkness of the earth." tongue moved. "Ayezur" he said.. "In the Grove is no harm," said the Patterner. "Come on. There is an old house, a hut. Old, dirty. You don't care, eh? Stay a while. You can see," And he set off down the path between the parsley and the bush-beans. She looked at the Doorkeeper; he smiled a little. She followed the pale-haired man..Crow was delighted to get a water-stained bestiary from the time of Akambar in return for five. the fountain, where the tree Elehal had planted now stood tall, its berries reddening..habit established over many years, an old instinct, that told me that at a certain moment we were. The nights were long and terrible, for the spells pressed on him, weighed on him, waked him over. "Pretty good, pretty good," his father said. "Keep practicing." And he went on. He was not sure what he ought to have said. He did not want to encourage the boy to spend any more time on music, or with this girl; he spent too much already, and neither of them would help him get anywhere in life. But this gift, this undeniable gift t the rock hovering, the unblown fife -- Well, it would be wrong to make too much of it, but probably it should not be discouraged.. "I wasn't." "Ach, it's a witch's den," Crow said, at the whiff of herbs and aromatic smoke, and he stepped back.. "We have to finish the work here," he told her, and she looked at him mildly. All animals were. Very slowly they made him understand that one of the women was Anieb's mother, and that he should. cowboys. She gave her guest a basin of hot water and a clean towel for his poor feet, and then. opened and entered a great cavern.
