All day he stayed near the Otter's House, keeping watch on Irian, making her eat a little with him. She came to the house, but when they had eaten she went back to her place on the streambank and sat there motionless. And he too felt a lethargy in his own body and mind, a stupidity, which he fought against but could not shake off. He thought of the Summoner's eyes, and then it was that he felt cold, cold through, though he was sitting in the full heat of the summer's day. We are ruled by the dead, he thought. The thought would not leave him. Silence bowed his rough, thoughtful head. "Tenar of the Ring is there," said Azver. could not save one, not one, not the one who saved me," he said. The Masters had sent him out in the world to gain experience, for all the classes in the School cannot give a man the experience he needs to be a wizard. Birch looked a little dubious at this, and Ivory reassured him that his training on Roke had equipped him with every kind of magic that could be needed in Iria of Westpool on Way. To prove it, he made it seem that a herd of deer ran through the dining hall, followed by a flight of swans, who marvellously soared through the south wall and out through the north wall; and lastly a fountain in a silver basin sprang up in the centre of the table, and when the Master and

his family cautiously imitated their wizard and filled their cups from it and tasted it, it was a sweet golden wine. "Wine of the Andrades," said the young man with a modest, complacent smile. By then the wife and daughters were entirely won over. Three hens came clucking and pecking around the dusty dooryard, a red, a brown, a white; a grey hen was setting her clutch in the henhouse. There were no chicks, and no sign of the cock, the King, Heleth had called him. The king is dead, Ogion thought. Maybe a chick is hatching even now to take his place. He thought he caught a whiff of fox from the little orchard behind the house..Money was a problem. The girl thought, of course, that he as a great wizard would snap his fingers."Ach, it's a witch's den," Crow said, at the whiff of herbs and aromatic smoke, and he stepped back..offering him something. Then she was gone..He came back in the evening, lamer than ever, for of course San had walked him clear out into the Long Fields where most of his beeves were. Nobody had horses but Alder, and they were for his cowboys. She gave her guest a basin of hot water and a clean towel for his poor feet, and then thought to ask him if he might want a bath, which he did. They heated the water and filled the old tub, and she went into her room while he had his bath on the hearth. When she came out it was all cleared away and wiped up, the towels hung before the fire. She'd never known a man to look after things like that, and who would have expected it of a rich man? Wouldn't he have servants, where he came from? But he was no more trouble than the cat. "Well," he said, "in the first place, when I got to the city, I go up to the palace, just to hear the news, and what do I see? I see old King Pirate standing on his legs, shouting out orders like he used to do. Standing up! Hasn't stood for years. Shouting orders! And some of em did what he said, and some of em didn't. So I got on out of there, that kind of a situation being dangerous, in a palace. Then I went about to friends of mine and asked where was old Early and had the fleet been to Roke and come back and all. Early, they said, nobody knew about Early. Not a sign of him nor from him. Maybe I could find him, they said, joking me, hmn. They know I love him. As for the ships, some had come back, with the men aboard saying they never came to Roke Island, never saw it, sailed right through where the sea charts said was an island, and there was no island. Then there were some men from one of the great galleys. They said when they got close to where the island should be, they came into a fog as thick as wet cloth, and the sea turned thick too, so that the oarsmen could barely push the oars through it, and they were caught in that for a day and a night. When they got out, there wasn't another ship of all the fleet on the sea, and the slaves were near rebelling, so the master brought her home as quick as he could. Another, the old Stormcloud, used to be Losen's own ship, came in while I was there. I talked to some men off her. They said there was nothing but fog and reefs all round where Roke was supposed to be, so they sailed on with seven other ships, south a ways, and met up with a fleet sailing up from Wathort. Maybe the lords there had heard there was a great fleet coming raiding, because they didn't stop to ask questions, but sent wizard's fire at our ships, and came alongside to board them if they could, and the men I talked to said it was a hard fight just to get away from them, and not all did. All this time they had no word from Early, and no weather was worked for them unless they had a bagman of their own aboard. So they came back up the length of the Inmost Sea, said the man from Stormcloud, one stragglng after the other like the dogs that lost the dogfight.
