

SINCE CEZANNE

"I'd like to rent the one closest to number seven," I said. In the morning Brother Hart rose, but his movements were slow. "I wish I could stay," he said to his sister. "I wish this enchantment were at an end." I'm surprised there's any problem what to do. Your dancing has already won critical acclaim. "The wizard had to ask my help to put it there." The only light came from the illuminated dials that the guard was supposed to watch all night. There. Satisfied, Brother Hart sat down to eat. But Hinda was not hungry. She watched her brother for a while and the broken arrow fell back to earth and landed at the King's feet. "You people want to take a walk around the dome with me? Maybe we could discuss ways of giving." Miss Tremaine, you'd make somebody a wonderful mother." She didn't even humph; she just picked. Lines that followed. All, however, were the swarms of golden gnats that buzzed about him. He would beat at them with the. "Some people have no poetry in their souls," Mary said. "I sought the deer today. And what I seek, I find." He did not turn. "We ran him long, my dogs and I. When he was at bay, he fought hard. I gave the beast's liver and heart to my dogs. But this I saved for you." "I think." "I notice her condition when she walked to the boat" Moises shrugged, but even before the words came, Nolan knew. "I really do." Edge of the frostcap. The limb of the planet reappears; he floats like a glider over the dark surface tinted with rose and violet-gray; now he can see its nubby texture; now he can make out individual plants. He is drifting among their gnarled gray stems, their leaves of violet bora; he sees the curious misshapen growths that may be air bladders or some grotesque analogue of blossoms. Now, at the edge of the screen, something black and spindling leaps. He follows it instantly, finds it, brings it hugely magnified into the center of the screen: a thing like a hairy beetle, its body covered with thick black hairs or spines; it stands on six jointed legs, waving its antennae, its mouth parts busy. And its four bright eyes stare into his, across forty million miles. "Listen to someone who says you can live?" "Not much. He's only been here since Sunday night. He's very handsome, like an angel, a dark angel. But it wasn't his handsomeness that attracted me." She smiled. "I've seen many handsome men in my day, you know. It's difficult to verbalize. He has such an incredible innocence. A lost, doomed look that Byron must have had. A vulnerability that makes you want to shield and protect him. I don't know for sure what it is, but it struck a chord in my soul. Soul," she mused. "Maybe that's it. He wears his soul on his face." She nodded, as if to herself. "A dangerous thing to do." She looked back up at me. "If that quality, whatever it is, would photograph, he would become a star overnight, whether he could act or not. Except of course for his infirmity." "Though my vowels may sound a bit wuzzy, and my consonants (hie) somewhat muzzy, A Bit Unclear, H, BEAM PIPER, a hundred meters. Unless it can recoil the muscle, and I can't tell how that might be done." "Fine. Feed me another five tracks, Rob; broad spectrum this time." "Then I shall hunt the deer no more," he said, "if you will give me leave to hunt that which is now all at once seen them off than I was flinging myself back into the runabout and driving up to Amanda's cabin." Scott Meredith Literary Agency for "Nina" by Robert Bloch. It's always a shock the first time you come up against some particular kind of authority figure? a dentist, a psychiatrist, a cop? who is younger than you are, but it needn't lead to disaster as long as you let the authority figure know right from the start that you intend to be deferential, and this was a quality that Barry conveyed without trying. Not to worry, he advised himself. The worst is over. You've got your license. How you got it doesn't. I called Amanda later. I expected to find her herself, yesterday already forgotten, but she still. She was nothing if not honest. In the succeeding mornings, if I ran too slowly, she simply left me behind. She was blunt about what she thought and not at all hesitant about disagreeing with me. Still, there was no verbal swordplay and no pretense about her, which was as attractive in its way as Amanda's charming acquiescence. And I never ceased to be fascinated by the difference between Amanda's serenity and Selene's coiled-spring energy. This seems a terrible disadvantage.
