While our schedules have slipped a bit in the last couple of months, morale is at an all-time high. With a crew of satisfied programmers, I feel there is nothing we cannot accomplish.."We were provided for," Mary Lang said quietly. "They knew we were coming and they altered their."That's none of your business!" Nolan reddened1. "Besides, it's all over now."."Your bank statement came today."Something came around the end of the couch. It wasn't a cat. I thought it was a monkey, and then a frog, but it was neither. It was human. It waddled on all fours like an enormous toad..They reached what must have been the center of the maze and found the people everyone had given up on. Eighteen of them. "So have I." I turned and looked at what he was working on at die drafting table. It was a small painting of a boy and girl, she in a soft white dress, and he in jeans and tee shirt. They looked about fifteen. They were embracing, about to kiss. It was quite obviously the first time for both of them. It was good. I told him so..Critics seem to find it necessary, at least once in a career, to write a statement defending criticism per se. Shaw, Pauline Kael, Eric Bent-ley, and James Blish have all done it. That I'm doing it too, doesn't prove I'm in the same league, but it does indicate the persistence of the issues involved and that they occur outside, as well as

"Why are you the Prince of the Far Rainbow, and why are you a prisoner?"."But what about the food? Surely it's too much to expect for these Martians to eat the same things.The captain wheels savagely, face mottled, teeth bared, arms windmilling with rage. I have never seen him this furious before, and it frightens me. Not that I cannot appreciate and even share his anger toward the Sreen, of course. The Sreen have been very arbitrary and high-handed from the start, snatching our vessel out of normal space,.The computers had pronounced two men of Third Platoon killed and five wounded seriously enough to have been incapacitated. Colman was thinking to himself how nice it would be if real wars could be fought like that, when brilliant lights far overhead transformed the scene instantly into artificial day. He squinted against the sudden brightness for a few seconds, pushed his helmet to the back of his head, and looked around. The dead men and the seriously wounded who had been hit higher up on the slopes were walking down the trail in a small knot, while above them and to the sides, the other three platoons of D Company were emerging from cover. More activity was evident farther away along the gorge in both direc-. tions as other defending and attacking units came out into the open. Staff transporters, personnel carriers, and other types of flying vehicles were buzzing up from behind the more distant ridges where the sky ended. Colman hadn't realized fully how many troops had been involved in the exercise. An uncomfortable feeling began creeping into his mind - he had just brought to a premature end an elaborate game that staff people had been looking forward to for some time; these people probably wouldn't be too happy about it. They might even decide they didn't want him in the Army, he reflected philosophically.. "Sciatica. Which is more a disorder than a disease. Let's not talk about it, okay?"."Was he gay?"."Anything.."conquest..She consulted a file card. "He checked in last Friday night The 22nd. When darkness fell, at first they thought they would have to stop, but the clear stars made a mist over the jagged rocks, and a little later the moon rose. After that it was much easier going. Shortly the wind began. First a breeze merely tugged at their collars. Then rougher gusts began to nip their fingers. At last buffets of wind flattened them against the rock one moment, then tried to jerk them loose the next The rope was very useful indeed, and neither one complained. They simply went on climbing, steadily through the hours. Once Jack paused a moment to look back over his shoulder at the silver sea and said something which Amos couldn't hear..Two weeks of research left them knowing no more. They had to abandon the matthews for the time, as another enigma had cropped up which demanded their attention.. "Just a few minutes. Hold tight." They could not.My curiosity reared up again. The gossip columnists speculated a great deal about how Amanda and Selene managed their dual existence, but because neither personality gave interviews on the subject, it had to remain only speculation. The custody decision, however, was public knowledge. January to June had gone to Margot Randall, July to December to the Senator. It sounded like the alters might still divide then* year that way. But rather than distress Amanda further by asking about it, I bit my tongue and hurried out to get the lease from my secretary..I don't know what we'll have to do, specifically, but I know we'll find the answers."."Mary Lang sighed, slapped her thighs, and stood up. Like all the others, she was nude and seemed totally at home with it None of them had worn anything but a Martian pressure suit for eight years. She ran her hand lovingly over the gossamer wall, the wall that had provided her and her fellow colonists and their children protection from the cold and the thin air for so long.
