He was not used to failures and did not like them. He did not like what Hound told him about this boy, Otter, and he remembered it. "Captain," he said, "I'm sorry, I must wait to spell your sails. An earthquake is near. I must warn the city. Do you tell them down there, every ship that can sail make for the open sea. Clear out, past the Armed Cliffs! Good luck to you." And he turned and ran back up the street, a tall, strong man with rough greying hair, running now like a stag. The slave, short and thin, hairless, with running sores on his hands and arms, uncapped a stone for several houses up and down the street, and a crowd, that is, ten or eleven people, gathered. "My mother was born in Endlane, round by Faliern Forest," Otter said. "Do you know that town? .file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (75 of 111) [2/5/2004 12:33:31 AM]. Otter a little cinnabar in a bucket, brownish red clots and crumbs. Shadows leapt across the earth. the burning day. For a moment longer they held still; then the night wind blew across their naked shoulders, and shivering, they waded out, dried themselves as well as they could, struggled barefoot and wretched through the sharp-edged reeds and tangling roots, and found their way back to the lane. And there Dragonfly spoke in a ragged, raging whisper: 'How could you name me that!'. "The Summoner was among us when we stood on Roke Knoll and saw the Archmage kneel to King Lebannen. Then, as the dragon bore our friend away, the Summoner fell down. "I talked to him last night," Golden said. "He said to me that there are certain natural gifts which it's not only difficult but actually wrong, harmful, to suppress." "Maybe you'll have a go with us yourself, then? You had a hand for it, before you took to making. Early had them put to death along with the man who reported them to him. It was a public. "I'm at the Cavuta, my second year. I've been neglecting things a bit lately, I wasn't. Dulse considered himself a wordy, impatient man with a short temper. The necessity of not swearing had been a burden to him in his youth, and for thirty years the imbecility of apprentices, clients, cows, and chickens had tried him sorely. Apprentices and clients were afraid of his tongue, though cows and chickens paid no attention to his outbursts. He had never been angry at Silence before. There was a very long pause. .say the king himself is the new Archmage. But he isn't a wizard, only a king. So others say the joke. I had had enough of his direct approach and joviality. They set off along the wharves, asking for a ship bound south that might take a wizard and his prentice to the Isle of the Wise, and soon enough they found a heavy trader bound for Wathort, whose master would carry the wizard for goodwill and the prentice for half-price. Even half-price was half the cheese money, but they would have the luxury of a cabin, for Sea Otter was a decked, two-masted ship. "Why not? Why does it have to be a witch or a sorcerer? What do you do?" "Ride back," he said. "Leave me here. There's enough food for one man for three or four days more. Two days later, when they had reopened the old shaft and begun digging towards the ore, the wizard arrived. Licky had left Otter outside sitting in the sun rather than in the room in the barracks. Otter was grateful to him. He could not be wholly comfortable with his hands bound and his mouth gagged, but wind and sunlight were mighty blessings. And he could breathe deep and doze without dreams of earth stopping his mouth and nostrils, the only dreams he ever had, nights in the cell. The wizard's spells still bound their minds together. Otter pressed rashly forward into Gelluk's. "Oh, yes," Irioth said. "It was my fault." But she forgave; and the grey cat was pressed up against his thigh, dreaming. The cat's dreams came into his mind, in the low fields where he spoke with the animals, the dusky places. The cat leapt there, and then there was milk, and the deep soft thrilling. There was no fault, only the great innocence. No need for words. They would not find him here. He was not here to find. There was no need to speak any name. There was nobody but her, and the cat dreaming, and the fire flickering. He had come over the dead mountain on black roads, but here the streams ran slow among the pastures. .hearth, skillfully making up the fire. The curer was in his room asleep. Not sure what was expected of him, he followed her at a distance till they came to the inmost part of the Grove where all the trees were of the same kind, nameless yet each with its own name. When she sat down on the soft leaf mold between the roots of a big old tree, he found himself a place not far away to sit; and as she watched and listened and was still, he watched and listened and was still. So they did for several days. Then one morning, in rebellious mood, he stayed by the stream while Ember walked into the Grove. She did not look back. "Well, well, well," he said to his wife, frequently, "all rosy again, eh? Got the apple of your eye back home, eh? No more moping, eh?" "Very well, then. And he was, though he wouldn't have put it that way, afraid of wizards. A bit contemptuous of sorcerers, with their sleights and illusions and gibble-gabble, but afraid of wizards.. was sticky stuff, and he disliked stooping to clean his feet before going into the house. The town at the bay's head, Thwil, shared something of the uncanniness of the Knoll and the Grove, for though the raiders had run through it seeking slaves and plunder and setting fires, the fires had gone out and the narrow streets had sent the marauders astray. Most of the islanders who survived were wise women and their children, who had hidden themselves in the town or in the Immanent Grove. The men now on Roke were those spared children, grown, and a few men now grown old. There was no government but that of the women of the Hand, for it was their spells that had protected Roke so long and protected it far more closely now.. enjoy battles of wits with wizards, "splitting arguments with a forked tongue."
